Judge Saab,

Judge Chamber Has 5 RDX Bombs to Blast @ 11:15 AM Today. Evacuate Court SOON!
This is how the blasts will occur: 3 RDX IEDs made using c-4 RDX have already been placed in critical spots in the facility. 1 or 2 members will come in close contact with the Judge office around lunch time and when the Q branch-ISI members who are carrying remote control triggers come within 100 feet of the premises the IEDs will detonate automatically. If for some reason, they don't activate, the members will themselves come inside the building and blast themselves along with all staffs similar to Sri lankan Easter operation. We want to create a statement and your Court is the easiest target for now, we take responsibility and want our voices heard at any cost!
